

## Mr. Tarun S. Khushalani at MIME

A special lecture was organized by MATS Institute of Management and Entrepreneurship (MIME) on **International Business** delivered by **Mr. Tarun S. Khushalani** on 26 April, 2014.

Mr. Tarun is an MBA in Finance and has a wide experience in the functions of accounts, finance, international logistics, warehousing, customs, supply chain management, shipping, importing & exporting, credit management, commercial and operations management. From domestic to global he is a skilled person as he has worked 'hands on' in all these functions.

He has worked in senior positions at Patvolk - Forbes Gokak Ltd., after which he moved on to Dart Global Logistics India Ltd... in the year 2000. At Dart he has worked in key positions such as Credit Controller, HR and IT Administrator – India. He is presently the General Manager – Commercial and Administration – India since March 2014.

Mr. Tarun started with an overview about International Business, and then elaborated

on India's progress in international trade. As an introduction to the special session he threw light on logistics, warehousing, supply chain and the intermediary which are integral to international trade.

He continued his talk with managerial technical focus on the following vital aspects:

- Import & export trade procedures
- The intermediaries involved in the process
- Product packaging standards requirements from importing countries
- Warehousing of goods & Types of warehouse
- Shipment, Transit and transshipment of goods
- Incoterms – pricing terms in export trade
- Problems faced by logistics service providers in India

The faculty members and students thanked Mr. Tarun for providing insights that had such a huge relevance to the curriculum of MIME – PGDM in International Business.
